

Have you
retired from the
licensed trade?

**We're still
here for you**

LICENSED
TRADE
CHARITY

Helping pub, bar and brewery people

If you have ever worked in the licensed trade, the Licensed Trade Charity is still here for you.

We offer a free service helping current and former pub, bar and brewery workers who need a helping hand with health, housing or money problems.

Mental Health

We can all have a bad day, but when feeling down or stressed is ongoing we are here to listen and help. We offer a befriending service if you feel you would like a regular friendly chat.

Our free 24/7 Helpline is run by trained counsellors, who are there to listen and help you.

Housing

There could be times when your living arrangements or conditions are unsafe, or you find yourself without a roof over your head. We can help with repairs and alterations, moving costs and even help with housing for over 55's with our partner Anchor.

Our support can provide solutions for a number of housing issues you may experience.

Money

If you are experiencing financial hardship for any reason, we are here to help. Whether it is about managing a debt or even planning a funeral we can assist. Our advice ranges from making sure you get all the benefits you qualify for, to how to apply for hardship grants.

Talk to one of our friendly advisors today.

If you think you might benefit from our service just call our free, 24/7 helpline or visit our website.

Free helpline: **0808 801 0550***
